

# Evidencia de ejecución de casos de prueba

Realizamos una Review con el PO, donde ejecutamos los casos de prueba. Se puede ver en el siguiente [link](#).

The screenshot displays the Selenium IDE interface for a project named 'ArenasGestor Test'. The main area shows a list of test steps with their commands, targets, and values. The steps are as follows:

Step	Command	Target	Value
40	click	name=email	
41	type	name=email	administrador@example.com
42	click	name=password	
43	type	name=password	test
44	click	css=.w-100	
45	click	linkText=Administracion	
46	click	linkText=Snacks	
47	mouse over	css=.btn-danger:nth-child(1)	
48	click	css=.btn-danger:nth-child(1)	
49	mouse out	css=.btn-danger:nth-child(1)	
50	click	css=.btn-danger:nth-child(2)	
51	mouse over	css=.btn-danger:nth-child(2)	
52	mouse out	css=.btn-danger:nth-child(2)	
53	click	css=.toast-message	
54	click	id=dropdownUser1	
55	click	linkText=Salir	

Below the list, there is a form to add a new step with the following fields:

- Command: open
- Target: /home
- Value: (empty)
- Description: (empty)

The bottom section of the interface shows a log of the test execution:

Log	Reference
30. click on linkText=Snacks OK	22:18:37
31. click on css=.btn-danger:nth-child(1) OK	22:18:37
32. click on css=.btn-danger:nth-child(2) OK	22:18:37
33. click on css=.toast-message OK	22:18:37
34. click on id=dropdownUser1 OK	22:18:37
35. click on linkText=Salir OK	22:18:38
